Product Includes:

- The LifeMark-75 Automated Layout System includes:
 - Record via operator guided pointer system using GSP RTK INS location system at traffic speeds
 - Store recordings via cloud based Web Administration page
 - Automatically control carriage hydraulically via smart valves and Cylinders
 - System to layout recorded markings at normal striping speeds using Graco paint or Rattle Cans
- The Temporary Paint Option adds:
 - Two 30 gallon paint tanks
 - Additional Graco paint pump
 - Two Bead Bins
 - Paint and Bead guns to allow painting of markings in manual mode
